INVITATION

The Organizing Committee feels extremely proud and privileged in extending a hearty invitation to attend the 24th Maharashtra State Chapter Conference of IAMM being organized by the Department of Microbiology at Krishna Institute of Medical Sciences "Deemed To be University", Karad, from 28th to 30th September 2018.

The Conference will aim to provide State of the Art academics by a galaxy of experts which will help face the challenges posed to Microbiologists in their role in public health. The Conference Theme is "Microbiology Today: Time to reflect on Penumbra." In this meet, special emphasis will be given on approach to diagnosis of anaerobic infections, with use of newer technologies and automation, with a view to strengthening ourselves as Clinical Microbiologists.

We are sure, the scientific content of this conference will be of the highest order. This will be a great opportunity to share and renew friendships and extend new ones. It will be an unforgettable and memorable experience filled with academic, cultural and social extravaganza. There will be deliberations, symposia, panel discussions and oration from eminent experts.

On behalf of Organizing Committee, we invite you all to this memorable Conference meet. Kindly save your dates for the conference. We are sure, memories of mingling with delegates from all corners of the state will leave a lasting impression.

Please find attached herewith the Scientific Programme of both CME (on Virology) and Conference.

Once again we welcome all the delegates at Karad to make this event a memorable one.

Places to Visit ...

Karad is a small but upcoming town in Satara Dist. It is situated on the banks of the confluence of Krishna & Koyna Rivers. It is on Pune – Bengluru national highway no. 4 and is well connected to other cities by road & rail. It is surrounded by many places of tourists interest like Koyna Dam, Ozarde water falls, Shri Ram temple at Chaphal and Satara etc. Radhanagari Dam, Dajipur Bison Sanctuary, Gokak Falls are few other places on 2-3 hours drive from Karad.

Mahabaleshwar, a hill station is 80 kms north from Karad. It is one of the few evergreen forests of India. It reaches a height of 4,718 ft at its highest peak above sea level, known as Wilson/Sunrise Point. It is a source of five rivers, the longest being the Krishna. The Venna lake, city market, strawberries and honey are the major tourist attractions. Mahabaleshwar is known for its points, from where tourists can enjoy the scenery.

Panchgani, surrounded by five hills of Sahyadri, is all season hill station elevated at 1305 meters above sea level and 18 km east of Mahabaleshwar. The magnificent scenery of Krishna Valley with its numerous hamlets, cultivated fields and picturesque view of the backwater of Dhom Dam can be seen along the whole northern ridge of the mountain. The five hills are topped by a volcanic plateau, which is the second highest in Asia after the Tibetan plateau.

Aundh, 40 kms northwest of Karad, is known for its hill temple, the Devi Yamai temple. The temple is very old but very attractive. The top of the temple has images and idols of various Hindu Gods. The temple complex contains the Shri Bhavani Museum, with paintings drawn by various well-known Indian artists including Raja Ravi Varma and the famous "Mother and Child" stone structure by Henry Moore.

Kolhapur, 'Dakshin (south) Kashi', 'historical capital of Maharashtra state', 'door of konkan', 'city of wrestlers', 'city of arts' and 'city of palaces and temples' is 70 kms south of Karad. It is situated on the banks of the river Panchganga and is the location of the Temple of Mahalakshmi, a Hindu goddess. Besides Mahalaxmi temple, the city has temples, lakes, amusement parks, museums, forts which are attractions for the tourists.

Kaas plateau is a plateau located near Karad. It is situated high hill plateaus and grasslands turns into a 'valley of flowers' during monsoon season, particularly from August to early October. Kaas Plateau has more than 150 or more types of flowers, shrubs and grasses. The orchids bloom here for a period of 3-4 weeks during this season. Kaas plateau is a World Natural Heritage site. To control possible damage by tourists, the number of visitors to the plateau has been restricted to 3,000 per day. In September, some of the most common flowering plants are Eriocaulon manoharanii, Pogostemon deccanensis, Seneciograhamii, Impatiens oppositifolia and Dipcadi montanum.

The Koyna Dam is one of the largest dams in Maharashtra, India. It is a rubble-concrete dam constructed on Koyna River which rises in Mahabaleshwar, a hillstation in Sahyadri ranges. The catchment area dams the Koyna river and forms the Shivasagar Lake which is approximately 50 km (31 mi) in length. It is one of the largest civil engineering projects commissioned after Indian independence. The Koyna hydro-electric project is run by the Maharashtra State Electricity Board.

ABOUT HOST UNIVERSITY

Krishna Institute of Medical Sciences "Deemed To Be University", Karad is located in Western Maharashtra, India against the background of mountains and valleys. The green, eco-friendly campus is spread over 60 acres and is well connected by rail, road & air.

The University is accredited by NAAC 'A' grade and has been conferred with ISO 9001 : 2015 certification.
